Hazards, Restrictions and Advice for Responders

- Slight hike from end of dirt road to river, with land ownership permission
- Swift water during winter and spring flows
- Trip and fall hazards, slippery when wet
- Biological hazards (e.g., wildlife including rattlesnakes, wild boar)

Site Description and Field Notes

Site Location/Segment: SAL-MT-B-015
Site Description and Field Notes: This location is just downstream from the San Ardo Oil Field and is ideal for observation and survey access to the river's edge. It is located on private property and would need owner's permission to access. Chevron has owner's contact information.

Site Contact/s: Request contact information from Chevron
