**Hazards, Restrictions and Advice for Responders**

- Slight hike through vegetation to river's edge if accessing river
- Swift water during winter and spring flows
- Trip and fall hazards, slippery when wet
- Biological hazards (e.g., wildlife including rattlesnakes, wild boar)
- Watch for unhoused encampments near bridge

**Site Description and Field Notes**

**Site Location/Segment:**  
SAL-MT-D-005

**Site Description and Field Notes:** This location is a narrow bridge with no shoulder to pull on to. To quickly view the river, turn on hazards and look while on the bridge from your vehicle. There is a narrow trail on the upstream side of the bridge to access the river. Beware of unhousted individuals.
