**Hazards, Restrictions and Advice for Responders**

- A rehabilitation construction project on the Gonzalez River Road Bridge is anticipated to begin in Fall 2026 and extend through 2028. The bridge will be closed to through traffic during this time.
- Gonzalez River Road Bridge is a narrow, two-lane bridge with a small shoulder. Watch for fast-moving traffic
- Swift water during winter and spring flows
- Trip and fall hazards, slippery when wet
- Biological hazards (e.g., wildlife including rattlesnakes, wild boar)
